NSCP... SETTING THE STANDARD FOR EXCELLENCE IN THE SECURITIES COMPLIANCE PROFESSION

With the regulatory reform underway, your attendance at our National Meeting is the first step in preparing yourself for the changing requirements. Following are some helpful hints to help convince your supervisor of the value of attending our 2010 National Meeting.

Focus on what you will specifically bring back to the organization as return on the investment.

NSCP has a Discount for additional people from the same firm

In order to help compliance departments educate their compliance staff, NSCP is offering a 10% registration fee discount for each additional attendee from within the same firm. Look for the discount code in the first registered attendee's confirmation e-mail. In lieu of being able to send your compliance staff, offer to prepare and deliver a short presentation and Q&A to your colleagues to share what you learned. That way others in your unit will get the benefits of your attendance, too.

If you are working to maintain your CSCP designation or just need CE credits, remind your supervisor that this is a great way to earn your CE credits. We offer CLE credits in connection with most U.S. certifying organizations. This program, which covers 62 subjects, may also qualify for CFP credit or the Firm Element of your SRO Continuing Education Program.

Emphasize that the NSCP Meeting is a comprehensive, time-intensive learning environment. We offer top-notch educational workshops, with materials developed by the best and the brightest in the field.

We're here to help! If we can be of further assistance, please contact the office at 860.672.0843 or via email at meetings@nscp.org.
